Introduction

Dear colleagues,

Greetings from AIIMS Bhopal! After the major success of the first two editions of Forensic update, AIIMS Bhopal is now organizing the 3rd edition of Forensic Update, a Hands-on Workshop on 'DNA Sampling & Evidence in Forensic Medicine' on 23rd & 24th of February, 2019. This workshop will be extremely beneficial for the skill enhancement of the participants regarding sample collection & preservation for DNA analysis. The postgraduates & younger faculty from several medical colleges all over India are expected to participate.

Why should one attend this workshop?

- To have hands-on knowledge about handling the evidence for DNA.
- Developing the skill for collection, handling & preservation of samples for DNA analysis.
- To have practical knowledge about importance of DNA analysis & its legal implications.
- Thought provoking lectures & skill demonstration by highly trained professionals from all over India.

Registration is limited to 30 candidates only on first come first serve basis. The registration fee is INR 3500. Looking forward to your enthusiastic participation in the event.
