REPORT OF SWACCHATA PAKHWARA ON 07.04.2019

Activity: Celebration of World Health Day

Participants: Staff, Students, Patients and General Public

Coordinating team:

1. Mrs. Selma Jose - Senior Nursing Officers
2. Mrs. Shraddha - Senior nursing officers
3. Mr. Hari Prasad meena -Senior nursing officers
4. Mr. Surendra meena - Senior nursing officers
5. Mrs. Sunita papadwal - Senior nursing officers

The World Health Organisation (WHO) theme of this year for World Health Day is “**UNIVERSAL HEALTH COVERAGE, EVERYONE EVERYWHERE**”, keeping the theme in focus, a health talk at OPD (Patient Registration Counter) for patients and general public was organised. People were aware about healthy life style, its benefits and some Do’s and Don’ts for healthy life. A young boy of 25 year voluntarily came forward and told people how he has adapted healthy habits for himself and also motivated others for the same.

All the audience listened consciously and with patience about essentials of good quality life. Some people among them also put forth their doubts which further clarified by the team members.

Finally, talk was ended with distribution of healthy, wholesome fruit platters to the general public. Some Photographs taken during program is given herewith -
