In case of bid documents downloaded from the website mentioned above the required fees as mentioned above has to be deposited at the time of submission of tender. In case of any disparity between the printed version of the tender document sold through from the Office of Store Officer, AIIMS Bhopal and the downloaded version, the printed version will prevail.

3. It is the responsibility of the bidders to ensure that their bids are dropped in the tender box in the office of Store Officer, E-Wing, 1st Floor Medical College, AIIMS Bhopal by the closing date and time stipulated above.

4. The bid documents are not transferable.

5. AIIMS Bhopal is not bound to accept the lowest rate and reserve the right to reject or cancel the tender without assigning the reason whatsoever.

(Admn Officer)
AIIMS Bhopal
## TERMS AND CONDITIONS:

1. This Invitation For Bids (National Competitive Bidding) is open to all eligible manufacturer and/or their accredited dealers.
2. Bid must reach the office of the Store Officer, AIIMS Bhopal, E-Wing, 1st Floor, Medical College Building, Saket Nagar, Bhopal-462 024 (MP) as in the date and time as stipulated in the IFB (Invitation for Bid). A late Bid will not be accepted under any circumstances and for reasons what so ever.
3. All Bids duly sealed must be addressed to the Store Officer, AIIMS Bhopal, E-Wing, 1st Floor, Medical College Building, Saket Nagar, Bhopal-462 024 (MP) and Tender No should be super scribed prominently in the covering envelope along with full name and address of the Bidder.
4. The Bidder shall bear all costs associated with the preparation and submission of its Bid, and the AIIMS Bhopal, herein after referred to as “the Purchaser” will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the tender process.
5. It is the responsibility of the Bidder to ensure that their Bid, whether sent by post or by courier or by person are dropped in the Tender Box in the office of the Store Officer, AIIMS Bhopal, E-Wing, 1st Floor, Medical College Building, Saket Nagar, Bhopal-462 024 (MP) within the stipulated date and time as mentioned in the IFB. The Store Officer of AIIMS Bhopal will not undertake any responsibility whatsoever for postal delay in process of submission of Bids.
6. The Bidder is expected to examine all instructions, forms, terms and specifications in the bidding documents. Failure to furnish all information required by the bidding documents or submission of a bid not substantially responsive to the bidding documents in every respect will be at the bidder’s risk and may result in the rejection of its bid.
7. Bidders shall submit their bids in two parts as under:
   a) Technical bids, in triplicate, consisting of technical details bringing out clearly in a separate sheet, the deviations in specifications if any from that of ‘Technical Specifications’ and also clause-by-clause compliance of specifications along with the commercial terms and conditions and bid security.
   b) Price bids showing only item wise prices in a separate sealed cover inside the main cover.
   c) It may be noted that when the main cover is opened on the date and time scheduled for Bid opening, only the technical bids will be opened and read out in public.
   d) Bidders whose technical bids are found substantially responsive will be informed of the date and time of opening of their price bids. Price bids of others will be returned to them unopened before opening the price bids of others. The Bids should be duly marked and sealed, as “Original”, “Duplicate” and “Triplicate”. The sealed bids viz. Original, Duplicate and Triplicate of Technical and Price Bids as mentioned above should be put together finally in a big envelope, which should be sealed as per the clause 3 above.
8. It may be noted that Technical bids will be opened and read out in presence of bidders or their authorized representative if they desire to remain present on the date and time scheduled for Bid opening.
9. The original, duplicate and triplicate copies of the bid shall be typed or written in indelible ink and shall be signed by the bidder or a person or persons duly authorized to bind the bidder to the contract. Written power-of-attorney accompanying the bid shall indicate the letter of authorization. The person or persons signing the bid shall initial all pages of the bid, except for un-laminated printed literature.
10. In the event of any discrepancy between original, duplicate and triplicate bids, the original shall govern.

11. The bidder shall complete the bid forms and the appropriate price schedule (Annexure-II and Annexure-III) furnished in the bidding documents, indicating for the goods to be supplied, a brief description of the goods, their country of origin, quantity and prices.

12. For comparison of bids, the purchaser will grant a margin of preference to goods in accordance with the Govt. standing procedures, provided the bidder shall have established to the satisfaction of the purchaser that the goods are eligible for price/purchase preference.

13. However, the quantum of price/purchase preference to be allowed shall be determined by the purchaser on the merits of individual cases based on the prevailing Government policy as per the GFR 2005 and his decision shall be final and binding and the purchaser shall entertain no representations on this ground.

14. To assist in the examination, evaluation and comparison of bids, the purchaser may, at its discretion, ask the bidder for a clarification of its bid. The request for clarification and the response shall be in writing and no change in the price or substance of the bid shall be sought, offered or permitted.

15. Preliminary examination: The purchaser will examine the bids to determine whether they are complete, whether any computational errors have been made, whether required EMD has been furnished, whether the document have been properly signed, whether the bid validity is as required and whether the bids are generally in order.

16. Bid from accredited dealers without proper authorization from the manufacturers shall be treated as non-responsive and shall be rejected.

17. The bid shall remain valid for 365 (three hundred and sixty five) days after date of bid opening. The Purchaser shall reject a bid valid for a shorter period. In exceptional circumstances, the purchaser may solicit the bidder’s consent to an extension of the period of tender validity. The request and the responses thereto shall be made in writing. The EMD (bid security) provided under clause 19 shall also be suitably extended. A bidder may refuse the request without forfeiting its bid security. A bidder granting the request will not be required nor permitted to modify its bid.

18. The Contract should be completed within 45 days from the issue of formal supply order.

19. The bidder must furnish EMD (bid security) as per the schedule of requirement unless otherwise exempted under Govt. Orders/Rules in force.

20. The EMD (bid security) shall be demonstrated in the Indian Rupees and shall be in one of the following forms:

   Deposit Receipts/Demand Draft in favour of “Director, AIIMS Bhopal” or Bank Guarantees (in the prescribed pro-forma given at Annexure-X issued by any of the scheduled banks). Please note that the EMD is non-interest bearing.

21. Any bid from a bidder who fails to furnish EMD (furnish a notarized copy of the registration certificate for the item quoted), not secured in accordance with clause 19 and 20 will be summarily rejected by the purchaser, as non-responsive.

22. Unsuccessful bidder’s EMD (bid security) will be discharged / returned as promptly as possible. The bidders are advised in their own interest to send a pre-receipted challan along with their bid so that the return of EMD (bid security) after the bid have been rejected, is made within the stipulation period.
23. The successful bidder’s EMD (bid security) will be discharged /returned upon the bidder executing the contract and after furnishing the Performance security, pursuant to clause 32.

24. The prices must be quoted in Indian Rupees. Bids, where prices are quoted in any other way shall be treated as non-responsive and rejected. The bidder shall indicate on the appropriate price schedule (Annexure-III) attached to these documents the unit prices and total bid prices of goods it proposed to supply under the contract.

25. The Purchaser will technically evaluate all bids previously determined to be responsive and compare the bids previously determined to be substantially responsive and technically acceptable.

26. The Purchaser’s evaluation of a bid will include and take into account:
   - The goods manufactured indigenously or goods of foreign original already located in India: excise duty, sales tax and other similar taxes and duties, which will be payable on the goods if a contract is awarded to the bidder and the purchaser’s evaluation of a bid will exclude and not take into account the additional features like training in India or abroad offered free or at an additional cost unless specifically asked for in the ‘Technical Specifications’.

27. The comparison shall be of F.O.R. site and delivered and commissioned at consignee’s end. The purchaser’s evaluation of bid will take into account, in addition to the bid price and the price of incidental services, the following factors, in the manner and to the extent indicated in clause 28 and in the ‘Technical Specifications’:
   a) Cost of inland transportation and other costs within India incidental to delivery of the goods to their final destination at consignee’s site,
   b) delivery schedule offered in the bid,
   c) deviations in payment schedule from that specified under clause 49.
   d) the cost of guarantee/warranty and
   e) the Performance and productivity of the equipment offered.

28. Pursuant to clause 27, following evaluation methods will be followed:
   a) Inland transportation, insurance and incidentals:
      Bidder shall quote separately for inland transportation, insurance and other incidentals for delivery of goods to the site.
   b) Applicable Taxes:
      Bidder shall quote separately for all applicable taxes payable to the Govt. for delivery of goods to the site.

29. Purchaser’s right to accept any bid and to reject any or all bids: The purchaser reserves the right to accept or reject any bid and to annul the bidding process and reject any or all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders or any obligations to inform the affected bidder or bidders of the grounds for the purchaser’s action.

30. Notification of award: Prior to the expiration of the period of bid validity, the purchaser will notify the successful bidder in writing, by registered letter or by cable or telex or fax (to be confirmed in writing by registered letter), that its bid has been accepted. The notification of award will constitute the formation of the contract.

31. Signing of contract: At the same time, the purchaser notifies the successful bidder that its bid has been accepted, the purchaser will send the bidder the contract form provided in the bidding documents, incorporating all agreements between the parties. The successful
bidder shall sign and date the contract form provided in the document. A registered Power of Attorney is to be supported with the bid in favour of the person(s) who will sign the bid as well as contract form if contract is awarded. (Annexure-XII)

32. Performance Security: Immediately after the receipt of notification of award from the purchaser, the successful bidder shall furnish the Performance Security. The supplier shall furnish Performance Security to the purchaser for an amount of 5% (five percent) of the order value, valid for the entire period of warranty. However, if the supplier fails to execute the order or fails to perform the services as per contract in addition to other panel actions, the performance security shall be encashed & the amount forfeited.

33. Failure of the successful bidder to comply with the requirement of clause 31 or clause 32 shall constitute sufficient grounds for the annulment of the award and forfeiture of the EMD (bid security), in which event the purchaser may like the award to the next lowest evaluated bidder or call for new bids.

34. The proceeds of the Performance Security shall be payable to the purchaser as compensation for any loss resulting from the supplier’s failure to complete its obligations under the contract.

35. The Performance Security shall be denominated in the Indian Rupees and shall be in one of the following forms:
   a) Bankers Cheque/Demand Draft (non interest bearing) in the name of Director, AIIMS Bhopal,
   b) Fixed Deposit Receipt in the name of Director, AIIMS Bhopal
   c) Bank Guarantee (in the prescribed pro forma given at Annexure-XI issued by any of the scheduled banks).

36. Inspection and Tests: The purchaser or its representatives shall have the right to inspect and/or to test the goods to confirm their conformity to the contract. The purchaser shall notify the supplier in writing of the identity of any representatives for this purpose.

37. The inspections and tests may be conducted on the premises of the supplier, at point of delivery and/or at the goods final destination, where conducted on the premises of the supplier, all reasonable facilities and assistance including access to drawings and production data shall be furnished to the inspectors at no charge to the purchaser. Should any inspected or tested goods fail to conform to the specifications, the purchaser may reject them and the supplier shall either replace the rejected goods or make all alterations necessary to meet specification requirements free of cost to the purchaser, within a period of 15(Fifteen) days of intimating such rejection. The purchaser’s right to inspect, test and, where necessary, reject the goods after the good’s arrival at the final destination shall in no way be limited or waived by reason of the goods having previously been inspected, tested and passed by purchaser or its representatives prior to the goods dispatch from the place of manufacture.

38. Nothing in clause 37 shall in any way release the supplier from any warranty or other obligations under the contract.

39. Qualification Criteria:
   1. The bidder must be a manufacturer or their accredited dealers (specifically against this IFB for the subject goods) and had successfully executed contracts for similar and/or identical goods in the past three years prior to the date of Tender opening. In support of this, the bidder shall furnish Performance statement in the enclosed
Annexure-I.

2. Notwithstanding anything stated above, the purchaser reserves the right to assess the bidder’s capability and capacity to perform the contract satisfactorily before deciding on award of contract, should circumstances warrant such an assessment in the overall interest of the purchaser.

40. Warranty:
   i. The supplier warrants that the goods supplied under the contract are new, unused, or the most recent of current models and incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that the goods supplied under the contract shall have no defect arising from design, materials or workmanship (except insofar as the design or material is required by the purchaser’s specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in India, i.e. the country of final destination.
   ii. The warranty should be as per the period mentioned in the Technical Specification.
   iii. The purchaser/indenter shall notify the supplier in writing of any claims arising under this warranty.
   iv. Upon receipt of such notice, the supplier shall, with all reasonable speed, repair or replace the defective goods or parts thereof, free of cost at the ultimate destination. The supplier shall take over the replaced parts/goods at the time of their replacement. No claim whatsoever shall lie on the purchaser for the replaced parts/goods thereafter.
   v. If the supplier, having been notified, fails to remedy the defect(s) within a reasonable period, the purchaser may proceed to take such remedial action as may be necessary, at the supplier’s risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.
   vi. The warranty for defective parts will begin de novo from the date of replacement. Supplier will pay customs duty and all expenses up to the destination for the replaced part.

41. Reasonability of rates/ firm price:
   i. The bidder shall certify that the rates quoted are the lowest ones for any institution in the country.
   ii. During the period of the contract, if the price of any tendered item is reduced due to any reason including any Law or Act of the Central/State Government, the bidder shall be statutorily bound to intimate the reduced rates immediately to the purchaser and shall charge the reduced rates. The purchaser is empowered to unilaterally effect such reduction as is necessary in rates, in case the bidder fails to notify or fail to agree to such reduction of rates.
   iii. Subject to the condition stipulated above, the prices shall remain firm for the validity period of tender and on no account any increase in price shall be entertained till completion of the tender period.
   iv. No bidder will be allowed at any time on any ground whatsoever, to claim revision of or modification in the rates quoted by him. The representation of the bidder that computation/ typographical or clerical error etc. has been committed in the bid and request for reversion on such plea shall not be entertained after opening of the bid.

42. Contacting the Purchaser: Subject to clause 18, no bidder shall contact the purchaser on any matter relating to its bid, from the time of the bid opening to the time the contract is awarded. Any effort by a bidder to influence the purchaser in the purchaser’s bid evaluation, bid comparison or contract award decisions shall result in the rejection of the bidder’s bid and also banning of business dealings with the bidder for a period of three years from the date of such ban.
43. Documents establishing good’s eligibility and conformity to bidding documents:
The bidder shall furnish, as part of its bid, documents establishing the eligibility and conformity to the bidding documents of all goods and services, which the bidder proposes to supply under the contract. The documentary evidence of the goods and services eligibility shall consist of a statement in the price schedule. The documentary evidence of the goods and services conformity to the bidding documents may be in the form of literature, drawings and data and shall furnish:

i. A detailed description of the goods essential technical and Performance characteristics,

ii. A list giving full particulars, including available sources and current prices, of all spare parts, special tools, etc., necessary for the proper and continuing functioning of the goods for a period of years, following commencement of the goods used by the purchaser and

iii. A clause-by-clause commentary on the purchaser’s ‘Technical Specification’ demonstrating the goods and services substantial responsiveness to those specifications or a statement of deviations and exceptions to the provisions of the ‘Technical Specifications’.

44. Definition of Technical Specification: For purposes of the commentary to be furnished to clause 43 (iii) above, the bidder shall note that standards of workmanship, material and equipment and references to brand names or catalogue numbers designated by the purchaser in its ‘Technical Specifications’ are intended to be descriptive only and not restrictive. The bidder may substitute alternative standards, brand names and/or catalogue numbers in its bid, provided that it demonstrates to the purchaser’s satisfaction that the substitutions are substantially equivalent or superior to those designated in the ‘Technical Specifications’.

45. Statutory taxes/ duties:
In case of any enhancement of Taxes and/ or duties or levy of fresh Taxes/ duties due to Statutory Act of the Govt., after date of submission of the tenders and during the contractual delivery period, additional or fresh levies so imposed will be allowed to be claimed as extra without any change in the price structure approved under the tender. For this purpose, the supplier shall produce a certificate from the authority concerned certifying that the item supplied falls under particular tariff resulting in additional/ fresh levies for the supplied item.

However, the same shall not be borne by the purchaser in case such levies become applicable after expiry of the contractual delivery period stipulated in the contract. Further, in case the bidder has been enjoying Excise Duty exemption on any criteria like turnover etc. and at a later date, during currency of the contract, even if Excise Duty becomes chargeable on goods manufactured, the same shall be to the supplier’s account and shall not be borne by the purchaser.

46. Penalty for delay in delivery:
Non-performance of the contract provisions may make the bidder liable to be disqualified to participate in any tender for the next 5 years, in addition to forfeiture of EMD / Performance Security and other penal provisions.

47. Force Majuere:
The above condition of delivery period, price reduction & termination etc. are subject to force majeure conditions which are beyond the control of the supplier, do not involve fault or negligence of the supplier and are not anticipated. Such events may include but are not limited to riots, mutinies, war, fire, storm, tempest, flood, epidemics, or other exceptional causes like quarantine restrictions, freight embargoes. On specific request made by the supplier the time period of supply may be extended by the purchaser at his
discretion for such period as may be considered reasonable. However, the condition shall not include scarcity of raw materials, power cut, labour dispute, failure of sub-vendor and increase in cost of raw material.

48. Fraud & Corruption:
The bidders, suppliers & contractors shall observe the highest standard of ethics during bidding and during performance of the contract. For the purposes of this provision, the following acts shall be considered as corrupt and / or fraudulent practices -
   a) “Corrupt Practice” means offering, giving, receiving, or soliciting directly or indirectly, of anything of value to influence the action of an official in the procurement process or in contract execution.
   b) “Fraudulent Practice” means misrepresentation or omission of facts in order to execution of contract.
   c) “Collusive practice” means a scheme or arrangement between two or more bidders, with or without the knowledge of the purchaser, designed to establish bid prices at artificial, non-competitive level.
   d) “Coercive Practice” means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in a procurement process or in execution of a contract.

During the process of evaluation of a bid or proposal for award of a contract, if it is detected that a bidder directly or through agent has engaged in corrupt, fraudulent, collusive or coercive practice in competing for the contract in question, then a) the bid shall be rejected and b) declare the firm ineligible for a specific period or indefinitely to participate in a bidding process.

In the bid document itself, an undertaking has to be furnished in the format at Annexure-VII.

49. Local Conditions:
It will be imperative on the bidder to fully acquaint himself of all local conditions and factors that would have any effect on performance of the Contract. The purchaser shall not entertain any request for clarifications from the bidder regarding such local conditions nor shall accept any offer conditional to the local factors. No request for any change of price or extension of time schedule of delivery of goods shall be entertained after purchaser accepts the bid.

50. Adjudication/Review board:
Any dispute arising out of or during execution of the contract shall be settled with mutual agreement through an Adjudication/Review Board appointed by the Director, AIIMS Bhopal, Saket Nagar, Bhopal-462 024 (MP).

51. Saving Clause:
No suit, prosecution or any legal proceedings shall lie against Tender Inviting Authority or any person for anything that is done in good faith or intended to be done in pursuance of tender.

52. Laws governing the contract & jurisdiction:
The contract shall be interpreted in accordance with the laws in force in India. All disputes shall be subject to the jurisdiction of appropriate court situated at Bhopal.

53. Payment Terms:
1. **Source of Fund:**
The AIIMS Bhopal has received Grants from the MoHFW, Govt. of India under PMSSY Scheme for the establishment of AIIMS Bhopal for the years 2013-2014 and intends to apply a portion of this fund to eligible payment under the contract(s) for which this IFB is issued.
2. **Procedure for payment:**
   The paying authority on production of the following documents shall make 100% Payment.
   
a. Invoice in triplicate are to be submitted to the paying authority along with the other documents after completion of the supply.
   
b. Stock Entry Certificate is to be obtained in the body of the Invoice in triplicate.
   
c. The original Challan Copy.
   
d. Installation and Completion certificate of the Turnkey job issued by the Competent Authority/Representative nominated by the Director, AIIMS Bhopal for looking after the Installation and Completion.
   
e. Warranty Certificates.

54. The bidder must submit the following documents along with the others as mentioned above in the Technical Bid with their tender:

   i. Up to date valid VAT registration certificate.
   
   ii. Up to date valid manufacturing license.
   
   iii. GRN/TIN and PAN.
   
   iv. Literature/catalogue/leaflet in support of the tendered item.
   
   v. Up to date dealer/distributor certificate.
   
   vi. ISO/GMP and other quality certificate issued from competent authority.
   
   vii. Declaration on details of manufacturing unit, installed capacity of the item quoted, testing facilities and nearest after sales service facility with details of technical personnel, along with non - conviction certificate/ declaration for the past 3 years. (Annexure IV)
   
   viii. Annual Turn Over Statement for the last 3 financial years i.e. 2010-11, 2011-12 and 2012-13 in the specified format (Annexure V) certified by the Auditor/Chartered Accountant/Company Secretary.
   
   ix. Undertaking in the form at Annexure-VI confirming acceptance of all terms and conditions of the tender.
   
   x. An undertaking on fraud and corruption as per Annexure-VII.
   
   xi. Manufacturer Authorization letter as per the format enclosed at Annexure-VIII.
   
   xii. The bidder shall impart education and training to upgrade the skills of the medical professionals at various levels for which a tentative programme shall be submitted.
   
   xiii. The bidders shall duly fill in the agreed terms and conditions as per Annexure IX.

55. **Additional Terms and Conditions:**

   a. Total monetary value of similar nature of work performed during each of the last three years must be furnished by the bidder which are as follows:

   i) Experience in works of a similar nature and size for each of the last three years, and details of works underway or contractually committed; and clients who may be contacted for further information on those contracts;

   ii) The Supplier should have executed at least 1 No. of Supply/Purchase Order worth not less than Rs. 60 Lakh or 2 Nos. of Supply/Purchase Orders worth not less than Rs. 45 Lakh each or 3 Nos. of Purchase Orders worth not less than Rs. 30 Lakh each for any Govt. Hospital/Institution/Corporate Hospital customers for the supply and installation of similar nature items in the last Three Financial years(2010-2011, 2011-2012 and 2012-2013). Please enclose the relevant Orders copies for necessary reference along with Technical Bid Document.

   c. Bids from Joint ventures are not acceptable.
   
   d. The bidder must be a profit making one for the last three years.
   
   e. Information on Bid Capacity (works for which bids have been submitted and
works which are yet to be completed) as on date of this bid.
f. The bidder shall impart education and training to upgrade the skills of the medical professionals at various levels for which a tentative programme shall be submitted.
g. The bidder shall provide backup services of trained Technical Personnel on 24 hours basis for emergency programming.
h. Bid shall be type - written and correction, if any, in the bid shall invariably be attested with full signature by the bidder with date, failing which the bid shall be considered ineligible for evaluation. Corrections done with correction fluid shall also be duly attested.

56. AMC/CMC:
Bidder shall quote for annual maintenance charges for the specified period as shown in the technical specification, after the expiry of the warranty period. This cost will be added to the bid price during evaluation and preparation of the comparative statement. Rate of Comprehensive Maintenance Contract (CMC), i.e. cost of labour plus spares should be quoted separately.

2. Fully automatic Double door, double jacketed chamber made 316L/316Ti Stainless Steel
   Front loading.
3. Having nickel clad steel two manual/sliding doors with Grade 316 stainless steel, with
   St. steel hinges and warranted long life with non-lubricated steam activated door seal
   (gasket).
4. Having pre-programmed operational parameters which can be set for specific
   applications by the user and having emergency manual exhaust valve.
5. Having electronic water saving control – condensing the exhaust chamber steam with
   excellent drain system designed to prevent pollutants to enter water supply & sterilizer
6. All interrupts and failures must be indicated through audiovisual alarms and recoding
   of event.
7. Provide for operator and system safety.
8. Sterilization Temperature ranges 121°C, 132°C to 134°C, pressure 15 psi to 60 psi.
   Should have Thermostat.
9. System should have microprocessor for complete monitoring and Diagnostics
   of the system in case of the failure. Microprocessor controlled steam under
   pressure. Inbuilt vacuum pump and steam generator providing quality steam i.e.
   condensate free, 98 to 100% saturated vapour complete with piping; valves and
   pressure relief. Automatic Water filling and its level indicator. Automatic steam release
   after sterilization. Safety valve testing.
10. 7" Multi-color touch screen panel. LED/LCD control/display with battery backup and
    digital thermal printer as standard for record keeping with storage capacity of minimum
    200 cycles in built-in memory. Cycle time adjustable and not be more than 60 minutes.
11. The touch screen panel should include various pressure and temperature display
    gauges for depiction of actual pressure/temperature in chamber, jacket and on
    gasket.
12. Autoclave should be able to perform Bowie and Dick test and vacuum leak test.
13. Equipped with 121 degree pre-vacuum; 134 degree Flash/Express cycles, 134
    degree Pre-vacuum and additionally 121 degree Gravity cycle for wrapped goods.
14. Auto-venting system expels air and unsaturated steam from chamber to get effective
    steam pressure. Furthermore, an air filter of 99.9% performing efficiency to prevent
    contaminated air from entering into the chamber. Automatic cycling and drying and
    indicating completion both, visually and audibly.
15. A cycle cannot start if the door is open or not properly locked.
16. The door cannot unlock until chamber pressure reaches room pressure.
17. Sliding Door Safety - The sliding door progress should automatically stop if an obstruction is detected.

18. Double Door Safety – interlocks prevent both doors from being opened simultaneously.

19. Advanced operation features should include a multipurpose valve that can function as a backup in case of power failure, or an automatic shutdown or restart feature that economizes on energy.

20. Clean steam options include: clean steam generator, stainless steel piping, components and fittings, and high grade stainless steel chamber.

21. Accessories must include Loading Carts and Transfer Carriages. The adjustable loading cart rolls from the transfer carriage onto the interior chamber tracks for easy handling of heavy loads. The trolley should be equipped with revolving wheels, wheel brakes and carriage lock.

22. Sterility assurance consumable products and compatible validation process should also be provided with supplies of following for two years 2000 cycles (average 4 cycles per day for 250 working days in a year): Bowie Dick Test Packs=100no.s; Biological Indicators=500 no’s, Chemical Indicators TST Emulating- 20,000 no’s, Biological Indicator activator and Incubator Machine with each unit.

23. System should be European CE certified or USFDA approved and should comply with EN - 285 & EN-554 standards and also confirming to the directives like 93/42/EEC (Medical Devices) & 93/23/EC (Pressure equipment directive) Should meet AAMI/US-FDA/EN-285 AND ASME Pressure Vessel/UL/ European CSA/CE standard.

24. Multiple access levels and user passwords to control access/operation of the autoclave.

25. Electrical Service – 440 V,50 Hz, 3 Phase.

26. Sterilizer should be supplied with standard start up accessories, which includes loading cart/ carriage. It should also be supplied with two (02) stainless steel trolley for loading, unloading and transport of Sterilized items purpose and suitable Water Purification System as per the System requirement for Sterilization unit.

27. The manufacturing firm should have spares availability in India and must have own trained service engineers based in India.

28. Three year on site warranty inclusive of all spares and Labour and bidder should also provide rate for 5 year CMC separately.

29. Diagnostic In/Out test (enables technician to check each system component separately).

30. Documentation Package. A full documentation package include: Installation Qualification (IQ), Operation Qualification (OQ), Performance Qualification (PQ).

31. Two numbers of complete User/ Technical/ Maintenance manuals to be supplied in English (Soft copy and hard copy).
2. VERTICAL AUTOCLAVE 50 Ltr. CAPACITY (2 Nos.)

- Fitted with SS/Gun metal and having inner and outer chamber made of SS,
- Fitted with Vacuum breaker as a safety device.
- All auto claves should be fitted with standard accessories such as pressure balls, steam release cock and safety valves to work on 220 V AC supply.
- Chamber Size (dia & depth) 350 X 550 mm.
- Automatic low water level cut off device. Pressure control switch, water level arrangement, radial lock.
- With digital Temperature indicator with following Specifications: Power Consumption : 4 KW,
- Approximate Capacity : 50 Ltr.
- System should be European CE certified or USFDA approved.
- Three year on site warranty inclusive of all spares and Labour and bidder should also provide rate for 5 year CMC separately.
- Two numbers of complete User/Technical/Maintenance manuals to be supplied in English (Soft copy and hard copy).
3. **INSTRUMENT WASHER DISINFECTOR WITH DRYER - (2 Nos.)**

1. Chamber volume 250 to 300 Litre made of stainless steel AISI 304L or better, corrosion proof with double wall construction and thorough insulation, must be self-clean chamber with rounded edges, vapour proof fluorescent lamp to illuminate washing chamber.

2. It should be able to handle heavily soiled instruments without pre-treatment / pre-cleaning.

3. It should clean, wash, disinfect and dry & also lubricate instruments in one cycle.

4. It should be a front loading system with touch buttons display, power 400-440 V (3 Phase)

5. Should have microprocessor controlled operation for different pre-programs for chemical and thermal disinfection of different types of instruments and option to set own programs/cycl.

6. System should have sensors for temperature control.

7. It should also have alkaline, oxidative cleaning process to avoid damage to special steel and aluminium instruments/prosthesis through One additional automatic dosage pump supplying oxidative/neutral/alkaline detergents

8. Each System should be supplied with loading & un-loading cart/s and minimum two no. 5 Level manifold racks to hold 20 St. steel mesh trays for loading general surgical instruments and suitable two instruments racks for loading anaesthesia instruments & tubes and MIS instruments.

9. Doors position at a convenient height for loading and unloading using its compatible two trolley system for loading/unloading of baskets, equipped with wheels and safety mechanism.

10. Provide two number manifold racks each of general purpose; 2 level and 3 level racks for holding large instrument trays and mesh trays.

11. Provide one each of bed-pan rack; Rigid MIS instrument; glassware and anaesthesia tubing rack.

12. Washing temperature fully adjustable up to 100°C. Temperature check by means of 2 independent probes.

13. Chemical dosing pump with level control to adjust detergent consumption. Heavy duty self-cleaning water circulation dual speed pump minimum 300 to 400L/min and maximum to 600 to 900L/min to ensures rapid flow rate and effective spray pressure.

14. Fresh water intake between each phase of the cycle for better cleaning. Water load in tank checked by a volumetric system to allow the economisation of cycle consumption. Automatic connections to cold, warm and DI water. A triple water filtration system to captures residues to prevent their re-circulation.

15. Auto-diagnostic checking that constantly monitors and displays current cycle status and alarms, allows to optimize the washing process and to personalize programs on board of the machines. Start cycle through an automatic reading of magnetic code.

16. Two vertical installed washing pumps for complete drain of the washing circuit with Inbuilt pressure check device.
17. Colour Touch Screen display with 100 disinfection programs storage with Integrated printer.

18. HEPA H14 air filter for drying, with adjustable time and temperature settings, to ensure complete drying inside and outside of all items in the washing chamber.

19. Three year on site warranty inclusive of all spares and Labour and bidder should also provide rate for 5 year CMC separately.

21. Documentation Package. A full documentation package include: Installation Qualification (IQ), Operation Qualification (OQ), and Performance Qualification (PQ).

22. Electrical power supply-220VAC, 50 Hz.

23. Should be having safety built in with emergency stop; door interlock to prevent cross contamination and allowing manual opening of doors in case of power failure.

24. Two numbers of complete User/ Technical/ Maintenance manuals to be supplied in English (Soft copy and hard copy).

4. HOT AIR OVEN FOR DRYING – (2 Nos.)

1. Shelves: Should have minimum four adjustable perforated shelves fabricated from 316 grade SS sheets minimum 1.2 mm thick.

2. Chamber Dimensions - 24"L x 24"W x 36 "H.

3. Outside made up of mild steel with powder coat finish.

4. Inside made up of Stainless Steel AISI 316 grade.

5. Cabinet should be provided with a double walled door with quick locking facility with heat resistant silicon gasket and fiberglass insulation provided on 5 sides as well as between inner and outer walls, to reduce heat loss and power drain.

6. Temperature control: 50°C to 250°C by electronic digital temperature indicator cum controller.

7. Control panel: Top mounted Control panel housed with necessary controls viz. temperature controller, timer, on off switches and indicating lamp.

8. Unit should be equipped with suitable safety thermostats & Heat Switch Control with corresponding indicators.

10. Heaters: Should be equipped with two heaters of 750 watts each, made up of high quality chrome wire and ceramic beads and duly placed in specially fabricated deep drawn ribs in the inner steel chamber.

11. A horizontally placed air circulation blower of adequate capacity should be provided for uniform circulation of air.

12. The unit should be provided with lockable wheel casters.

13. Should have at-least 3 working programmes.

14. Delayed heating, start and stop functions.
15. Should have digital LED display to show operational parameters.
16. Should have door window to see through the equipment during process and it should be equipped with interior lighting arrangement.
17. Inner chamber should be mirror polished for better utilization of heat.
18. Should have acoustic and visual alarm in case of error.
19. Should be provided with protection against voltage fluctuations and ventilation port with adjustable opening on the control panel to monitor natural change of air inside through convection.
20. Air slider provision to eject the humidity formed inside the chamber.
21. Should have interface for printer and PC communication.
22. System should be European CE certified or USFDA approved.
23. Three year on site warranty inclusive of all spares and Labour and bidder should also provide rate for 5 year CMC separately.
24. Two numbers of complete User/Technical/Maintenance manuals to be supplied in English (Soft copy and hard copy).

5. ULTRASONIC CLEANER – (2 Nos.)
1. Size should be: 22”x 10”x 8” Single Tank Type Ultrasonic cleaning machine.
2. Control System: User friendly & will be ergonomically designed with automatic operation of the system.
3. Automatic, Thermostatic temperature controller
4. The unit should be compact free standing bench model, with a built in tank manufactured from high quality 316 stainless steel and a solid state generator that sends ultrasonic transducers operating min 100KHz impulses through wash water containing detergent and electrical heating; microprocessor controlled display with memory time and temperature functions.
5. The tank should be made of solid 316 stainless steel and shock proof body.
6. Ultra sonic waves generators min 1000w of sonic power.
7. It should have digital read out timer and temperature setting.
8. It should have digital control and display panel to indicate on/off time set/remaining and temperature set/actual. Should indicate operation in progress and mains connection.
9. Should have built in memory to repeat previous settings.
10. Should have rubber base steel to reduce noise level and vibration.
11. The capacity should not be less than 54Litres.
12. Should have degassing facility.
13. All accessories and consumables required for installation and commissioning including baskets, detergent solution etc.
14. Power input should be 230V, 50Hz or 440V, 50Hz.
15. Should have US-FDA/CE(European) approved product.
16. Should have compliance to ISO 13485 certification and the copy of the same should be enclosed along with technical bid.

17. Two numbers of complete User/ Technical/ Maintenance manuals to be supplied in English (Soft copy and hard copy).

18. Comprehensive training for staff till familiarity with the system.

19. Three year on site warranty inclusive of all spares and Labour and bidder should also provide rate for 5 year CMC separately.

6. **SPRAY GUN - (2 Nos.)**

For the washing of hollow instruments with jet of Water followed by Air supplied with 2 Nos. 0.50 HP Compressor (for Air and Water Jet) - suitably housed in SS 316 grade Cabinet supplied with 2 Pistol Gun wash, One for water jet and One for air jet.

Two numbers of complete User/ Technical/ Maintenance manuals to be supplied in English (Soft copy and hard copy).

7. **SS Loading / Unloading Carriage Trolley - (2 Nos.)**

Suitable for operation with autoclave comprising the following -
- Frame and top completely made in SS 316 grade adaptable with transfer carriage.
- Two fixed and two swiveling castors of diameter not less than 100mm with brake.

8. **Transfer Carriage Trolley – (2 Nos.)**

Suitable for operation with sterilizer and loading / unloading trolley-
- Carriage made of SS 316 grade angle frame, Argon arc welded.
- Three number adjustable shelves and three no. 16 SWG. 316 Grades perforated trays.
- SS Grade 316 protective sheets are to be provided at both ends.

9. **Control and Packing Table - (2 Nos.)**

- The Robust galvanized MS square pipe frame 850 mm dia,
- Particle board top 2000 mm length x 1400 mm width not less than 12 mm thick suitably reinforced, laminated on top & edges in matt finish.
- Two number shelves also made of laminated particle board not less than 12 mm thick of sizes 1800 x 1400 x 1400 mm and mounted at heights of 350 mm and 500 mm from the table top respectively with the help of two number SS pillars.
- Three number 5A single phase electrical points provided in one of the pillars with wiring. Adjustable SS bolt feet.

10. **Laminated Work Table – (2 Nos.)**

Robust galvanized MS square pipe frame 850 mm of high grade.

Size : minimum 1950 x 1200 x 900 mm Laminated on top and edges in mat finish Feet of adjustable SS bolt.
11. Single Water Still – (2 Nos.)
Free standing electrically operated water still capable of producing Pyrogen free distilled water as per IP / BP standards. All contact parts are made of stainless steel, having immersion water heater, low water protection & electrical control box. Mounted on a sturdy MS tubular stand. Capacity: 40 ltrs. / hour.

12. Water Storage Tank with all plumbing accessories – (2 Nos.),
High Grade Plastic – 3 Layers, Capacity - 2000 Litres, including all plumbing accessories and it's installation from Tank to CSSD Water Taps.

13. Dry Work Table – (2 Nos.)
- Frame in 12 mm dia. 16 gauge hollow SS pipe with rigid configuration argon arc welded, ground smooth and polished.
- Machine pressed top in 18 gauge 304 grade SS, bent twice at edges to form 25mm thick edges with 12mm projection inside, size 1800 mm x 650 mm x 900 mm height duly reinforced against bending and treated for sound deadening.
- One number SS under-shelf with round edges also in 18 gauge SS with 25 mm thick edges.
- Rubberized, adjustable SS feet.

14. Work Table with minimum Six Sinks – (2 Nos.)
- Frame in 12 mm dia. 16 gauge hollow SS pipe with rigid configuration, argon welded ground smooth and polished.
- Top in 18 gauge 304 grade SS, bent twice at three edged to from 25mm thick edge with mm projection inside 150mm edge at read (flash back) size 1800 x 900 x 650 mm duly reinforced with treatment for sound deadening.
- Two number 304 grade SS sink slope towards the sink.
- Portion of the workshop to the right of the sinks to have 25mm slope towards the sink.
- One fixed under-shelf in 304 grade with 25mm thick gauges as above suitable reinforced.
- Rubberized, adjustable height shoes.

15. Basket Rack Single Side – (2 Nos.)
- Configuration suitable for storage of 8 wire baskets.
- Overall dimensions 650 mm length x 450 mm width x 2050 mm height.
- Structure of welded construction using SS pillars frame and basket support made out of 50mm x 50mm SS hollow tube.
- Pillar mounted on adjustable feet.
16. Basket Rack Double Side – (2 Nos.)
- Configuration suitable for storage of 16 wire baskets.
- Overall dimensions 870mm length x 640 mm width x 2050mm height
- Structure of welded construction using SS pillars frame and basket support made out of 50mm x 50mm SS hollow tube.
- Pillar mounted on adjustable feet.

17. CSSD Rack – (6 Nos.)
- Frame in regular section SS 1500mm length x 500mm width x 1500 mm height.
- Five number. 316 grade SS shelves duly reinforced and rounded off edges.

18. Sterilizing Baskets – (4 Nos.)
- Basket made of corrosion resistant SS wire with welded joints.
- Adaptable with disinfectors, transfer carriage sterilizing and storage equipment.
- Compactly stackable when empty.
- Dimensions 385mm length x 395 mm width x 95 mm height.
- Dimensions 385mm length x 395 mm width x 190mm height.

19. Table Trolley – (2 Nos.)
- Size : 1080 x 550 x 850 mm, made with corrosion resistant SS.
- Two fixed and two swiveling castors of diameter not less than 100mm with brake.

20. Distribution Trolley – (2 Nos.)
- Frame fabricated 16 gauge 306 grade SS tubing ground and Polished smooth.
- Horizontally mounted SS slide bars for holding baskets Capacity to hold 8 baskets.
- Overall dimensions 1150 mm length x 720 mm width x 1420 mm height
- Two fixed and two swiveling castors of diameter not less than 100mm with brake.

21. Trolley Washing Machine – (2 Nos.)
Good quality high pressure water jet type Trolley Washing Machine with 40-50 Mtr.
High grade tubing including all connecting accessories.

22. Gauge Cutting Machine – (2 Nos.)
- Well balanced, hand guided, multipurpose round rotating knife suitable for cutting of layers of dressing gauge.
- Self sharpening high speed blade, motorized. Single phase electric motor S.S.
- Table Top Overall size 1500 x 650 x 850 mm (approx.)

23. SS Seamless Drum – (30 Nos.)
Stainless steel seamless round construct
Autoclave compatible with side holes that can be closed with slider.
Hinged lid with drop down hasps and durable holding handle on top
Additional side handle pairs
Should have drums with following sizes: (Diameter x Height ) in Inch 15" x 12"

24. SS Seamless Drum – (30 Nos.)
Stainless steel seamless round construct
Autoclave compatible with side holes that can be closed with slider
Hinged lid with drop down hasps and durable holding handle on top
Additional side handle pairs
Should have drums with following sizes: (Diameter x Height ) in Inch 14" x 09"

25. SS Seamless Drum – (15 Nos.)
Stainless steel seamless round construct
Autoclave compatible with side holes that can be closed with slider
Hinged lid with drop down hasps and durable holding handle on top
Additional side handle pairs
Should have drums with following sizes: (Diameter x Height ) in Inch 11” x 09"

26. SS Seamless Drum – (15 Nos.)
Stainless steel seamless round construct
Autoclave compatible with side holes that can be closed with slider
Hinged lid with drop down hasps and durable holding handle on top
Additional side handle pairs
Should have drums with following sizes: (Diameter x Height ) in Inch 11” x 05"

27. Endoscopic Cleaning & Sterilizing machine – (2 Nos.)
- The system should be easy to operate and maintain, single endoscope reprocessing capability, the system should minimize the liquid chemical germicide fume exposure, semi-automated alcohol rinsing and air drying of endoscope channels, heated liquid chemical germicide reservoir, fast disinfection cycle turnaround time, disinfectant immersion timers and rinsing protocols.
- Heated Liquid Chemical Germicide Reservoir Temp.
- Range: Room Temperature to 130°F Reservoir volume: upto 15 - 20 litres or more.
- Accessories: Water pre-filtration system (specify)
- Mobile Cart (specify)
- Liquid Chemical Germicide Transfer Pump (specify)
System should be compatible with available endoscopes at AIIMS Bhopal.
- System should be European CE certified or USFDA approved.
- Three year on site warranty inclusive of all spares and Labour and bidder should also provide rate for 5 year CMC separately.
- Two numbers of complete User/ Technical/ Maintenance manuals to be supplied in English (Soft copy and hard copy).

28. Flash Sterilizer (20 Ltr to 25 Ltr Capacity) – (2 Nos.)
- Sterilization and drying
- Microprocessed
- 12 alarm levels
- 09 sterilization cycles + 01 extra drying cycle
- Double lock door
- Digital control panel with numeric LCD display
- Temperature and security thermostat Round 316L stainless steel
- Security valve for over temperature and security thermostat
- Cylindrical stainless steel AISI 316 chamber with removable shelves
- EQUIPPED WITH: PRESSURE TRANSDUCER – monitoring internal chamber pressure
- SENSOR PT 100 – monitoring internal chamber temperature
- DISPLAY – alphanumeric digital showing pressure, temperature, cycles alarms
- GENERAL KEY – switch ON/OFF equipment in case of use or emergency
- HYDRAULIC SYSTEM:
  - FILTERS – filtering element of stainless steel,
  - SOLENOID VALVES – made of forged brass, diaphragm type
  - SECURITY VALVES – brass made controls pressure excess
- It comprises the following components:
  - Horizontal compact bench-top autoclave
  - 01 – Wire mesh basket to hold materials
  - 01 – Water reservoir lid (equipment with tank)
  - 01 – Resistance protection lid

- System should be European CE certified or USFDA approved.
- Three year on site warranty inclusive of all spares and Labour and bidder should also provide rate for 5 year CMC separately.
- Two numbers of complete User/ Technical/ Maintenance manuals to be supplied in English (Soft copy and hard copy).

29. Plasma Sterilizer (30 Ltrs.) Capacity (1 No.) – Deleted
TURNKEY JOBS: (to be included in the Technical Bid)
The AIIMS Bhopal Authorities will provide adequate space in the Hospital Complex Building for setting up of the CSSD in the Hospital Campus. The bidder should inspect the proposed site and submit a tentative plan for CSSD Plant in the Technical bid, only after verifying the requirement based on his own assessment and additions. The space should have provision for future expansion. The Turn-key job will include the following:

1. Civil works for necessary alteration and renovation of the rooms, which may need floor and wall treatment with anti bacterial coating, plumbing and all other necessary alterations in the existing building.
2. Internal Electrical works.
3. Air Conditioning in the essential clean areas only.
4. Generator backup facility with adequate power from reputed manufacturer. The generator should be silent type having auto start facility. Cost of cable and panel board should also be included in the price bid.
5. This should also include operational maintenance of the CSSD for a period of six months with man power training.
6. Cost of consumable articles, detergents, enzyme preparation etc. must be quoted separately in the price bids.
7. A detail floor plan of the CSSD installations must be submitted with the technical bid.

Warranty- Onsite warranty for all equipments for 3 (Three) years including all spares and manpower etc. from the date of Installation.

The Tenderer should also intimate separately their rates for CMC for 5 years after the completion of 3 years warranty period.

Note: It is advisable to depute some senior most staffs during the time of technical evaluation and at the time of price bid opening, who can reply satisfactorily all the queries of the expert(s)/committee nominated by Director, AIIMS Bhopal and can take spot decision of behalf of the Tenderer.

BID FORM AND PRICE SCHEDULES

IFB No.
Date

To
The Director, AIIMS Bhopal
Saket Nagar, Bhopal-462 024 (MP) India.

Having examined the bidding documents the receipt of which is hereby duly acknowledged, we, the undersigned, offer to supply and deliver (description of goods and services) in conformity with the said bidding documents for the sum of (total bid amount in words and figures) or such other sums as may be ascertained in accordance with the schedule of prices attached herewith and made part of this bid.

We undertake, if our bid is accepted, to commence delivery within (number) days and to complete delivery of all the items specified in the contract and to perform all the incidental services within (number) days calculated from the date of your notification of award.

If our bid is accepted, we will obtain the DD/FDR/Bank Guarantee of a bank in a sum not exceeding 5 (Five) percent of the contract price for the due Performance of the contract.

We agree to abide by this bid for a period 365 days from the date of opening of the bid (please specify the calculated date) and it shall remain bidding up on us and may be accepted at any time before the expiration of that period.

Until a formal contract is prepared and executed, this bid, together with your written acceptance thereof and your notification of award, shall constitute a binding contract between us.

We understand that you are not bound to accept the lowest or any bid you may receive.

Dated this ......................day of ........

UNDEARTAKING

To
The Director,
AIIMS Bhopal,
Saket Nagar, Bhopal-462 024 (MP)

IFB NO.

Sir,

1. I, Shri ________________________________, on behalf of M/s ________________________________, having registered office at ________________________________, do hereby declare that I have gone through the terms and conditions mentioned for the above and undertake to comply with all tender terms and conditions. The rates quoted by me/us are valid and binding on me/us for acceptance for a period of one year from the date of award of contract to us.

2. I/We undersigned hereby bind myself/ourselves to the purchaser to supply all the offered equipment. The rates quoted by me/us for the items tendered for are specified against each. It is certified that rates quoted are lowest quoted for any institution in India and not higher than the MRP/ prevailing market rate.

3. The articles shall be strictly as per specification and of the best quality as per requirement of the institution. The decision of the Office of The Director, AIIMS Bhopal (hereinafter called the said Competent Authority) as regards to the quality and specification of article shall be final and binding on me/us.

4. We undertake to provide back up services of Trained Technical Personnel on round-the-clock basis for emergency problem.

5. We undertake and confirm that the equipment shall be covered under onsite warranty for 3 years as shown in the requirement. In case of any defect reported, the defective part shall be replaced.

   We shall organize technical seminars / workshops at AIIMS Bhopal to impart education and training to the medical professionals as and when requested by the purchaser.

6. We agree to the conditions of the tender under which the EARNEST MONEY DEPOSIT and PERFORMANCE SECURITY DEPOSIT shall be forfeited by us.

7. We agree to accept the amount of the bill to be paid by the purchaser after completion of all codal formalities and should any amount of the bill found by the purchaser/auditors to have been over-paid; the amount so found shall be refunded by me/us.

8. We hereby undertake to supply the items during the validity of the tender as per
direction given in supply order within the stipulated period.

9. We understand all the terms and conditions of the contract and bind myself/ourselves to abide by them.

10. We hereby declare that there is no vigilance/anti-corruption or court case pending against us at the moment.
