Greetings from Nursing College AIIMS Bhopal & SOMI MP Chapter!

It is a great pleasure to invite you all for the two days virtual conference on the theme **“Synergizing Compassion in Maternal and Newborn Care: Promoting Equity, Sustainability and Quality”** on 08.03.2022 and 09.03.2022

All India Institute of Medical Sciences Bhopal is an INI established in the year **2012** by the **Ministry of Health and Family Welfare**, Govt of India as an autonomous statutory body under the **Pradhan Mantri Swasthya Suraksha Yojana (PMSSY)**.

The Nursing College, AIIMS Bhopal established in **2013**, strives to create nursing professionals with proficiency in core competencies like patientbased care, professionalism, communication and team work, safety, evidence based practice and leadership. Nursing College offers B.Sc. (Hons) Nursing and M.Sc. Nursing program in all specialties.

Society of Midwives India (SOMI) is the only professional organization of nurse-midwives in India, a member of the ICM (International Confederation of Midwives) which was registered in the year **2000**. SOMI has been instrumental in planning and implementing ICM guidelines for promoting high quality maternal & newborn care in India and abroad. The mission of SOMI is to strengthen midwifery as a profession and enable midwives to achieve safe motherhood with in a socio-cultural, equitable and ethical context.

About the Conference:

Every pregnancy and birth is unique. Improving the well-being of mothers, infants, and children is an important public health goal for India. Their well-being determines the health of the next generation and can help predict future public health challenges for families, communities, and the health care system. Addressing inequalities that affect health outcomes is fundamental to ensure that all women & newborn have access to respectful and high-quality care.

This conference is aimed to provide a robust platform for exchange of ideas and views regarding compassionate Maternal and Newborn care to promote equity, sustainability, quality and excellence. This will also enable the beneficiaries to uplift the Maternal and Newborn care across the country.

Objectives:

1. To express and exchange cognitive reflections on strengthening the midwifery practice in Indian scenario.
2. To comprehend the concept of family centered approach in promotion of Maternal and Newborn health.
3. To discuss the utility of digitalization in Maternal & Newborn health care services.
4. To appreciate the unstinted contribution of Midwives in enhancing positive birth experience.
5. To enunciate the importance of mutual communication to empower parenting skills.
6. To highlight and implement Newborn care models to ameliorate quality care.

Target beneficiaries: *Nursing Students, Nursing personnel, Faculties, Doctors and Stakeholders related to Maternal and Newborn health care*
