on

November 30 , 2022 Wednesday

कार्तिक मास, शुक्लपक्ष सप्तमी, विक्रम संवत् २०७९

About the workshop

The general population has become increasingly interested over time in using traditional AYUSH medicine for treatment of various diseases. Because they enhance immunity and offer pharmacological and non-pharmacological treatment without side effects, these traditional medicine can significantly contribute in reducing the burden of diseases on healthcare system. There is a need for scientific evidence that can make the AYUSH medicine stand more firmly with modern medicine in order to ensure its relevance. Keeping in view of this, a National Workshop on “ **AYUSH: Evidence-based medicine**” is being organized by Dept. of AYUSH. It will aid in improving patient care services, integrating and complementing AYUSH medicine with contemporary medicine, and providing scientific evidence for future researches.
