B : Detail Special Conditions of the tender For Providing Services for the maintenance and repairs of CIVIL works:-

1. Engineer at Liberty to Object

The Engineer shall be at liberty to object to and require the Contractor to remove forthwith from the Works any person provided by the Contractor who, in the opinion of the Engineer, misconducts himself, or is incompetent or negligent in the proper performance of his duties, or whose presence on Site is otherwise considered by the Engineer to be undesirable, and such person shall not be again allowed upon the Works without the consent of the Engineer. Any person so removed from the Works shall be replaced as soon as possible by a qualified Person approved by the Engineer.

2. Safety, Security and Protection of the Environment

The Contractor shall, throughout the execution and completion of the Works and the remedying of any defects therein:

- i) Have full regard for the safety of all persons entitled to be upon the Site and keep the Site (so far as the same is under his control) and the Works (so far as the same are not completed or occupied by the Employer) in an orderly state appropriate to the avoidance of danger to such persons, and
- ii) Provide and maintain at his own cost all lights, guards, fencing, warning signs and watching, when and where necessary or required by the Engineer or by any duly constituted authority for the protection of the Works or for the safety and convenience of the public or others.
- iii) Take all reasonable steps to protect the environment on and off the Site and to avoid damage or nuisance to persons or to property of the public or others resulting from pollution, noise or other causes arising as a consequence of his methods.

4, Damage to Persons and Property

The Contractor shall, except if and so far as the Contract provides otherwise, indemnify the Employer against all losses and claims in respect of :

- (a) Death of or injury to any person, or
- (b) loss or damage to any property will be recovered. Which may arise out of or in consequence of the Repairs & Maintenance of the works and the remedying of any defects therein, and against all claims, proceedings, damages, costs, charges and expenses whatsoever in respect thereof.

5. Accident or injury to Workmen

The Employer shall not be liable for or in respect of any damages or compensation payable to any workman for death or injury resulting from any act or default of the contractor. The Contractor shall indemnify and keep indemnified the Employer against all such damages and compensation and expenses whatsoever in respect thereof or in relation thereto.

6. Evidence and Terms of Insurance

The Contractor shall take out appropriate insurance to cover workers, staff and particularly labours.

7. Eligibility criteria:

The applicant should meet the following minimum criteria for prequalification:

1. The Experience should be in the name of bidding company and not in the name of subsidiary/ associate/ group company etc.
2. Experience of having successfully completed work of repairs & maintenance during last three years ending last day of month previous to one in which applications are invited. must have minimum 3 years experience of similar type of works. The contractor should enclose the proof of the following

(i) Similar completed works of value 3 lakhs.

Further, the agency should have in the past 3 years satisfactory completed, at least one order of similar nature of value **not less than 40%** of the estimated cost of work in Central Government/ State Government/Public Sector Undertakings/Government Autonomous bodies.

3. The tenderer should have substantially in house manpower to cover requirements of this type of works.
4. The successful tenderer would be required to establish its office within the site of the work in the space provided by the AIIMS.

8. Award of work:

i. The selection of the agency will be at the sole discretion of the Director, AIIMS Bhopal who reserves the right to accept or reject any or all the tenders without assigning any reason.

ii. The contract for the Repair and Maintenance shall be awarded to the qualified responsive tenderer who has quoted lowest.

iii The bid for the works shall remain open for acceptance for a period of ninety (90) days from the date of opening of bids/Ninety days from the date of opening of financial bid in case bids are invited on 2/3 bid system (strike out as the case may be) if any bidders withdraws his bid before the said period or issue of letter of acceptance, whichever is earlier, or makes any modifications in the terms and conditions of the bid which are not acceptable to the department, then the Government shall, without prejudice to any other right or remedy, be at liberty to forfeit the said earnest money as aforesaid. **Further the bidders shall not be allowed to participate in the rebidding process of the work.**

iv This notice inviting Bid shall form a part of the contract document. The successful bidders/contractor, on acceptance of his bid and issue of acceptance letter by the Accepting Authority shall within 5 days from the stipulated date of start of the work, sign the contract consisting of:-

- a) The Notice Inviting Bid, all the documents including additional conditions, specifications and drawings, if any, forming part of the bid as uploaded at the time of invitation of bid and the rates quoted online at the time of submission of bid and acceptance thereof together with any correspondence leading thereto

ENGINEER

1. Engineer's Duties and Authority

(a) The Engineer shall carry out the duties specified in the Contract.

2. Custody and Supply of Drawings and Documents

The Drawings shall remain in the sole custody of the Engineer, but copies as required thereof shall be provided to the Contractor free solely for the purpose of this contract. The works are of repairs & maintenance therefore drawing will remain with the Engineer..

3. Sufficiency of Tender

The Contractor shall be deemed to have based his Tender on the data made available by the Employer and on his own inspection and examination of the site conditions.

4. Compliance with Statutes, Regulations

The Contractor shall conform in all respects, including by the giving of all notices and the paying of all fees, with the provision of: **(a) Any National or State Statute, Ordinance, or other Law, or any regulation, or bye-law of any local or other duly constituted authority in relation to the operation and Maintenance Work. (b) The rules and regulations of all public bodies and companies whose property or rights are affected or may be affected in any way by the Works, and the Contractor shall keep the Employer indemnified against all penalties and liability of every kind for breach of any such provision. (c) Any changes required for approval due to revision of the local laws.**

5. Time for Completion

The Repair and Maintenance work shall be for a period of one year or as mentioned in the letter of commencement and shall start from the date issue of letter commencement and shall stand terminated after the expiry of one year.

6. Extension of Time

Right to terminate the Operation repair and Maintenance contract by giving 15 days notice at any time during the currency of the contract if the services of the agency are not satisfactory as However, employer reserves it's right to extend the contract on written & mutual consent of tenderer for a period of one year at the same rates of earlier agreement.

7. Defect Identification and it's rectifications

The Contractor shall immediately attend the defects and complaints noticed at site as intimated by Engineer-in-charge. The Contractor shall provide and develop a system for regular Operation, repair and Maintenance of all the services which includes defects identifications and it's immediate rectification so, that services are not affected. It shall be the sole responsibility of the Operation and Maintenance agency that all the services are kept in functional condition round the clock during the currency of the contract.

8. Contractor's Failure to Carry out Instructions

In case of default on the part of the Contractor in carrying out repair and Maintenance the Employer/Engineer shall be entitled to employ and pay other persons to carry out the same and if such work, in the opinion of the Engineer, the Contractor was liable to do at his own cost under the Contract, then all costs consequent thereon or incidental thereto shall be determined by the Engineer and shall be recoverable from the Contractor by the Employer, and may be deducted by the Employer from any monies due or to become due to the Contractor.

9. Instructions for Variations – Deleted

MEASUREMENT

CERTIFICATES AND PAYMENTS as prescribed forms and running account.

10. The Contractor shall submit a bill prescribed form of running account in 3 copies to the Engineer by 7th day for the work executed in tabulated form approved by the Engineer, showing the amounts to which the Contractor considers himself to be entitled.

- (a) Engineer-in-Charge shall enter the bill in MB in presence of contractor or contractor's representative. The measurements recorded will be signed by the tenderer or its representative as a token of acceptance of the measurements.
- (b) Details of defects/complaints attended and rectified within time.
- (c) Details of complaints attended late.
- (d) Attendance details of the manpower deployed during the work.

11. Deduction of Income Tax

The amount to be deducted towards the in compliance of income tax, labourers etc. shall be at the rate applicable.

12. Performance Guarantee

The performance Guarantee can be encased by the Employer to recover any amount which is payable by the Contractor to the Employer on any account for a cause arising out of the contract.

13. Final Certificate

Within 28 days after receipt of the Final Statement of each work order and the written discharge, the Engineer shall issue to the employer (with a copy to the Contractor) a Final Certificate stating: **(a)** The amount which, in the opinion of the Engineer, is finally due under the Contract, and **(b)** After giving credit to the Employer for all amounts previously paid by the Employer and for all sums to which the Employer is entitled under the Contract.

14. Default of Contractor

1. If the performance of the contract and is not satisfactory and not corrected within 15 days of receiving notice, then employer shall be at liberty to terminate the contract and get the work executed through other means at the risk and cost of the Contractor.
2. In the event of termination of the contract, employer shall be at liberty to get balance work done at the risk and cost of the contractor and due payment of the contractor, if any, shall be released after the completion of whole of the works.

16. Amicable Settlement of Dispute

The party shall use their best efforts to settle amicably all disputes arising out of or in connection this contract or the interpretation thereof. All Repair and Maintenance & job works related complaints shall be attended to within times specified in Enclosure I & II failing which a recovery of Rs. 100 per event per day shall be made from the subsequent payment certificate of the contractor.

The Sewer man shall ensure that all lines are maintained in a clean condition by carrying out preventive cleaning of all lines at least once each month.

□ As the work will have to be carried out in building and area in use the contractor shall ensure:-

- a) That the normal functioning of AIIMS activity is not effected as far as possible.
- b) That the work is carried out in an orderly manner without noise and obstruction to flow of traffic.
- c) That all rubbish etc. is disposed off at the earliest and the place is left clean and orderly at the end of a each day's work.
- d) The Contractor shall ensure that his Repair and Maintenance staff is qualified for their part of work. He shall be responsible for their conduct. The staff should behave in a courteous manner. The contractor shall be held responsible for any loss or damage to AIIMS property.
- e) The contractor shall ensure safety of his workers and others at site of work and shall be responsible for any consequence arising out of execution of the Repair and Maintenance work/job works.
- f) When instructed to do so, the contractor shall ensure proper record keeping and storing of irreparable/dismantled material.
- g) Water and electricity shall be made available free of cost at nearby source of work. The contractor has to make his own arrangement for use of the same including drawing temporarily lines etc. The responsibility for following relevant rules, regulations and laws in this regard shall be entirely that of the contractor. The same be used carefully, any mis happening the contractor shall be solely responsible for that.
