EVALUATION PROCEDURE			
GUIDELINES FOR TECHNICAL EVALUATION			
<p>1 In the first phase, the technical bids shall be opened and evaluated on the basis of details and supporting documents. Non-fulfillment of criteria will lead to rejection of the proposal in totality.</p> <p>2 Only those publishers shall be eligible who shall have the capability to provide all the services related to a medical journal including - a comprehensive journal website with complete journal database management tools and a comprehensive manuscript management system with printing capabilities (Documentation supporting claims to be furnished).</p> <p>The final technical evaluation and scoring will be based on an interview by the assessment committee from AIIMS Bhopal. This evaluation will be done with the help of Team Leader / Head Consultant / Director Production SPOC - each of the organizations / consortia, along with necessary documents for cross-checking the self assessment criteria mentioned below. The name and credentials of the team lead should be predecided before the interview (date shall be intimated to qualified bidders well in advance after pretechnical evaluation). The Team Leader cannot be changed throughout the length of the contract except in extrenous circumstances, where he/she can be suitably replaced after approval of the Editorial Board.</p>
